GVM:	2 ton

Description

Description:
For sale 1982 Bedford CF2 camper
2.2 diesel engine
Tax and MOT exempt!
Starts and drive and ready to go.

This camper is in good condition for it's age but has slight rust in a couple of places but nothing major but has been maintained as much as possible. Tyres as in good condition and underneath is well solid.

It has had some refurbish / mechanical work such as :
New fridge fitter
New cushions
A few added features to the living area
New starter motor
Upgraded 5 speed box
Full service and not been used since
And few more mechanical parts added

This camper was brought by my late father 2 years ago as a project and we both worked on it till it was up and running but he sadly past away recently and we can't no longer keep it as we have a large fleet of work/classic vehicles we need the room for .

Our asking price is £4000

Manchester area OL6
